## 6. PROCEDURES

6.1. Commanders' Role in Responding to Domestic Abuse. Commanders have a vital role in the coordinated community response to domestic abuse. Senior Enlisted Personnel serving in advisory roles to commanders should also be familiar with the requirements of this section.

### 6.1.1. Commanders shall:

6.1.1.1. Ensure that the alleged military abusers are held accountable for their conduct through appropriate disposition under the UCMJ (Chapter 47 of Reference (p)) and/or administrative regulations, as appropriate.

6.1.1.2. Respond to reports of domestic abuse as they would to credible reports of any other crime and ensure that victims are informed of services available.

6.1.1.3. Beginning with unit-level commanders closest to the accused, be familiar with the responsibilities delineated in section 6.1. If necessary, he/she shall involve his/her next higher superior officer in the chain of command.

6.1.1.4. Ensure that the restricted reporting policy procedures for victims of domestic abuse are fully implemented at the installation level. (See Enclosure 3.)

6.1.1.5. Refer any incident of domestic abuse reported or discovered independent of law enforcement to military law enforcement or the appropriate criminal investigative

organization for possible investigation in accordance with DoD Instruction 5505.3, "Initiation of Investigations by Military Criminal Investigative Organizations" (Reference (s)).

6.1.1.6. Counsel a military suspect about his/her alleged misconduct, but only after referring the incident of domestic abuse to law enforcement for investigation and consulting with the judge advocate general about providing the military suspect his/her Article 31 rights under the UCMJ (Chapter 47 of Reference (p)).

6.1.1.7. Ensure that the victim, alleged abuser, and family members of the victim who are eligible for treatment in a military medical facility (including those eligible on a fee-paying basis) are aware of appropriate medical, mental health, and other assessments, treatment, and referrals, recognizing the needs of a culturally diverse population, including needs for interpreter or translation services.

6.1.1.8. Ensure that those individuals who are not eligible to receive such services and treatment have been referred to the appropriate civilian office, agency, or organization.

6.1.1.9. Ensure safe housing has been secured for the victim as needed.

6.1.1.9.1. The preference is to remove the alleged abuser from the home when the parties must be separated to safeguard the victim.

6.1.1.9.2. If necessary, the alleged abuser will be directed to find alternative housing.

6.1.1.10. Cooperate in making the alleged abuser available to be served with a civilian protection order (CPO) as needed and consistent with service regulations. Obtain a copy of the protection order and review it with the servicing legal office.

6.1.1.11. If the alleged abuser is a civilian:

6.1.1.11.1. Consider requesting the installation/garrison commander to bar the individual from the installation.

6.1.1.11.2. Refer the alleged abuser to the appropriate criminal investigative organization for possible investigation.

6.1.1.11.3. Consult with the servicing civilian personnel office and the servicing legal office when the alleged abuser is a U.S. civil service employee who may be subject to disciplinary action.

6.1.1.12. Provide the victim with information about the Family Advocacy Program (FAP), victim advocate services, legal services, DoD Directive 1030.1 (Reference (t)), DoD Instruction 1342.24 (Reference (u)), and Principal Deputy Under Secretary of Defense for Personnel and Readiness Policy Memorandum, "Duration of Payment for Transitional Compensation for Abused Dependents," (Reference (v)), as appropriate.

6.1.1.13. Ensure that victim advocacy is provided within a coordinated community response. (See paragraph 6.4.)

6.1.1.14. Ensure that victims of domestic abuse, living on or off the installation, have access to victim advocacy services in accordance with this Instruction 24 hours a day through either personal or telephonic contact; that such services include both immediate and ongoing information and referral assistance; safety planning (see paragraph 6.4.2.6.), and support services; that victims shall be actively involved in all aspects of the development of their safety and service plans; and that victims can make decisions regarding their safety and welfare, including refusal of victim advocacy services.

6.1.1.15. In consultation with FAP staff, ensure a safety plan is prepared and in place, and monitor the victim's safety.

6.1.1.16. Review each law enforcement investigative report with the servicing legal office to determine appropriate disposition. The commander shall make this determination independent of any clinical determination by the FAP committee as to whether this incident shall be entered into the DoD Component FAP registry of substantiated domestic abuse incidents.

6.1.1.17. Document, as appropriate, that a Service member engaged in conduct that is a dependent-abuse offense when referring such action for court martial and when initiating action to administratively separate, voluntarily or involuntarily, the Service member from active duty so that the family members may apply for transitional compensation benefits (Reference (u)).

6.1.1.18. Consult FAP staff to determine if an alleged abuser is a suitable candidate for clinical intervention services and his/her level of danger to the victim and others.

6.1.1.19. If the Service member is to be returned from deployment early for disciplinary or civilian legal procedures or for relaxation and recreation, regardless of when the abuse occurred, the unit commander shall ensure that the commander at the home station is notified in advance of the early return so that safety precautions can be planned and implemented in consultation with FAP. If the Service member is to be returned from deployment upon the regular schedule for return, the commander at the home station shall ensure that the FAP has planned and coordinated safety precautions.

6.1.1.20. Consult personnel officials to determine if Temporary Duty or Permanent Change of Station (PCS) orders that interfere with completion of any directed intervention services should be canceled or delayed. When Temporary Duty or PCS cannot be canceled or delayed, coordinate efforts with the gaining installation to ensure continuity of services with the FAP/victim advocate, and others regarding intervention for both the alleged abuser and the victim.

6.1.1.21. Document and report command actions through installation law enforcement officials according to DoD Directive 7730.47 (Reference (w)) and DoD 7730.47-M (Reference (x)).

6.1.1.22. Ensure protection of all persons alleged or known to be at risk from domestic abuse by issuing and enforcing an appropriate military protection order (MPO) that is coordinated with those civilian authorities that enforce the protection orders issued by civilian courts. (See paragraph 6.1.2.)

6.1.2. MPOs. A commander:

6.1.2.1. Shall issue and monitor compliance with an MPO when necessary to safeguard a victim, quell a disturbance, or maintain good order and discipline while a victim has time to pursue a protection order through a civilian court, or to support an existing CPO.

6.1.2.2. May issue an MPO to an active duty member only to prohibit the member from contacting or communicating with the protected person or members of the protected person's family or household and to direct the member to take specific actions that support, or are in furtherance of, the prohibition.

6.1.2.3. May use DD Form 2873, "Military Protective Order" to issue an MPO and shall provide copies of the signed MPO to the Service member who is the subject of the order, the Service member's local personnel file, and to the protected person (or the custodial parent of the protected person if the protected person is a child.)

6.1.2.4. Shall tailor the terms of the MPO to meet the specific needs of an individual victim.

6.1.2.5. May issue an MPO even if a CPO has already been issued by a judge or magistrate.

6.1.2.5.1. A commander may issue an MPO that is applicable to locations beyond the jurisdiction of the court that issued a CPO, including locations outside of the United States.

6.1.2.5.2. The terms of the MPO should not contradict the terms of a CPO.

6.1.2.5.3. A commander may issue an MPO with terms that are more restrictive than those in the CPO to which the member is subject.

6.1.2.6. May enforce an MPO whether the Service member is on or off of the installation. Violations may be prosecuted under Article 90 of the UCMJ, for Willfully Disobeying a Superior Commissioned Officer or under Article 92, for Failure to Obey Order or Regulation or under Article 134, for conduct prejudiced to good order and discipline in the Armed Forces or of a nature to bring discredit upon the Armed Forces (Chapter 47 of Reference (p)).

6.1.2.7. Should contact the gaining command and recommend that the gaining command issue a new MPO when the Service member is transferred to a new command and an MPO is still necessary to protect the victim(s).

### 6.1.3. The Armed Forces Domestic Security Act

6.1.3.1. Pursuant to the Armed Forces Domestic Security Act (section 1561(a) of Reference (p)), commanders and installation law enforcement personnel shall take all reasonable measures necessary to ensure that a CPO is given full force and effect on all DoD installations within the jurisdiction of the court that issued such order.

6.1.3.2. A commander may establish procedures for registering a CPO on a DoD installation, but failure to register the order shall not be reason for a commander, having knowledge of the order, to fail to give it full force and effect.

6.1.3.3. All persons who are subject to a CPO shall comply with the provisions and requirements of such order whenever present on a military installation.

6.1.3.3.1. Active duty Service members failing to comply with a CPO may be subject to administrative and/or disciplinary action under the UCMJ (Chapter 47 of Reference (p)).

6.1.3.3.2. Civilians failing to comply with a CPO, including DoD civilian employees, may be barred from the installation. DoD civilian employees may also be subject to appropriate administrative or disciplinary action in appropriate circumstances. Prior to taking administrative or disciplinary action, supervisors should consult the servicing legal and civilian personnel offices.

6.1.3.4. Any person who violates a CPO while on a military installation is subject to the imposition of sanctions by the court issuing the order.

6.1.4. Domestic Violence Misdemeanor (Lautenberg) Amendment to the Gun Control Act. The following provides procedures for implementing the Lautenberg Amendment to the Gun Control Act (Reference (r)) with regard to both military and civilian personnel.

6.1.4.1. The amendment makes it a felony for any person to sell or otherwise dispose of firearms or ammunition to any person he or she knows or has reasonable cause to believe has been convicted of a “misdemeanor crime of domestic violence.”

6.1.4.2. The amendment prohibits anyone who has been convicted of a misdemeanor crime of domestic violence from shipping or transporting in interstate or foreign commerce, or possessing in or affecting commerce, any firearm or ammunition; or receiving any firearm or ammunition which has been shipped or transported in interstate or foreign commerce. In addition to the Gun Control Act prohibiting anyone convicted of a felony from buying or possessing a firearm, the Lautenberg Amendment additionally prohibits any person convicted of a misdemeanor crime of domestic violence from buying or possessing a firearm.

6.1.4.3. Although the amendment only applies to misdemeanor crimes of domestic violence, it is DoD policy that a “qualifying conviction” also includes a conviction for a “crime of domestic violence” tried by general or special court-martial which otherwise meets the definition of a misdemeanor crime of domestic violence. See Enclosure 2 for the definition of qualifying conviction as used in this Instruction.

6.1.4.3.1. As a matter of DoD policy, a conviction for an offense meeting the definition of a “felony crime of domestic violence” adjudged on or after November 27, 2002 - the date at which the USD(P&R) policy was first issued as a directive-type memorandum (References (d) and (e)) - shall also be considered a qualifying conviction.

6.1.4.3.2. The term “qualifying conviction” does not include summary court-martial conviction, imposition of nonjudicial punishment under Article 15 of the UCMJ (Chapter 47 of Reference (p)), or deferred prosecutions or similar alternative dispositions in civilian courts. The term also does not include a determination by a FAP committee that this incident shall be entered into the DoD Component FAP registry of substantiated child abuse and domestic abuse incidents.

6.1.4.4. The Department of Defense does not construe the amendment to apply to major military weapon systems or “crew served” military weapons and ammunition (e.g., tanks, missiles, aircraft).

6.1.4.5. The actions required by the DoD implementing procedures as described in paragraphs 6.1.4.5.1. and 6.1.4.5.2. also apply outside United States territory.

6.1.4.5.1. Implementing Guidance for Military Personnel. Military personnel shall be periodically informed of the Domestic Violence Amendment to the Gun Control Act (Reference (r)) and the implementation procedures described in paragraphs 6.1.4.5.1.1. through 6.1.4.5.1.9..

6.1.4.5.1.1. Information provided shall include notice that personnel have an affirmative, continuing obligation to inform commanders or supervisors if they have, or later obtain, a qualifying conviction.

6.1.4.5.1.2. Information provided shall also direct that the revised DD Form 2760, which states that any statements made on the form will not be used in prosecution for violating the Gun Control Act (Reference (r)), is available.

6.1.4.5.1.3. All DoD Components shall post notices about the Domestic Violence Amendment and the procedures for implementation in all facilities in which Government firearms or ammunition are stored, issued, disposed of, and transported.

6.1.4.5.1.4. If in implementing this policy, a Military Department chooses to require that all or some of its military personnel certify whether or not they have a qualifying conviction, the DD Form 2760 shall be used for such certifications.

6.1.4.5.1.4.1. Even if certification is not required, DD Form 2760 shall be made available for use by those personnel who come forward to report a qualifying conviction in compliance with their obligation to do so.

6.1.4.5.1.4.2. Use of this form and the protections it affords have been approved in accordance with DoD Directive 5525.7 (Reference (y)).

6.1.4.5.1.5. Military Departments' procedures otherwise used to discover whether an applicant for military service has a qualifying conviction for a crime of domestic violence shall continue in effect. Individuals with a qualifying conviction shall not be granted a waiver for entrance into military service.

6.1.4.5.1.6. In the case of all members found to have a qualifying conviction, appropriate authority will immediately retrieve all government-issued firearms and ammunition, suspend his/her authority to possess government-issued firearms or ammunition, and advise them to dispose of their privately owned firearms and ammunitions lawfully. These actions shall also be taken if there is reasonable cause to believe a military member has a qualifying conviction.

6.1.4.5.1.7. Consistent with applicable laws and regulations, the Military Departments may promulgate regulations governing permanent adverse personnel actions, including separation, that may be taken with respect to Service members who have a qualifying conviction.

6.1.4.5.1.7.1. Separation of military personnel shall comply with existing statutory military retirement sanctuaries (sections 1176(a), 637(a)(5), 580(a)(4)(C), 12646(e)(1), and 12686 of Reference (p)).

6.1.4.5.1.7.2. A Service member in any of these sanctuaries who has a qualifying conviction and would otherwise be separated under Military Department regulations shall be given meaningful duties that do not involve access to firearms or ammunition until such member is retired upon first attaining eligibility for retirement.

6.1.4.5.1.8. DoD Components may afford military personnel who have a qualifying conviction a reasonable time to obtain an expungement or pardon of the qualifying conviction. If time is granted to a Service member for this purpose, however, DoD Components shall retrieve all Government-owned or issued firearms and ammunition and suspend the Service member's authority to possess firearms and ammunition until an expungement or pardon is obtained.

6.1.4.5.1.9. If a completed security clearance investigation reveals that a military member has a qualifying conviction, the investigation shall be referred to the requesting DoD Component for action consistent with this Instruction.

6.1.4.5.2. Implementing Guidance for DoD Civilian Personnel. The procedures in paragraphs 6.1.4.5.2.1. through 6.1.4.5.2.13. apply to all DoD appropriated and

nonappropriated fund civilian employees (section 2105 of 5, U.S.C. (Reference (z)), including employees working outside United States territory. It does not apply to foreign nationals employed overseas directly or indirectly by the Department of Defense.

6.1.4.5.2.1. Implementation of the procedures with respect to employees represented by unions shall be accomplished consistent with any labor relations obligations.

6.1.4.5.2.2. Each DoD Component shall identify all DoD civilian employment positions that include duties, activities, or responsibilities covered by the Gun Control Act, including selling or disposing of firearms and ammunitions or receiving, possessing, shipping, or transporting any firearm or ammunition in or affecting interstate or foreign commerce (Reference (r)) (hereafter referred to as “covered positions”). A data element identifying covered and non-covered positions was placed in the legacy Defense Civilian Personnel Data System (DCPDS) in the November 1998 release.

6.1.4.5.2.3. No DoD Component shall employ or retain in a covered position a civilian employee, including a nonappropriated fund employee, whom Component personnel know, or have reasonable cause to believe, has a qualifying conviction.

6.1.4.5.2.4. Each Component shall implement a program to inform its personnel in covered positions of the Domestic Violence Amendment to the Gun Control Act (Reference (r)), its consequences, and the procedures and policy in this Instruction.

6.1.4.5.2.4.1. Information provided shall include notice that personnel in covered positions have an affirmative, continuing obligation to inform their supervisors if they have, or later obtain, a qualifying conviction.

6.1.4.5.2.4.2. Information provided shall also direct that the revised DD Form 2760, which states that any statements made on the form will not be used in prosecution for violating the Gun Control Act (Reference (r)), is available.

6.1.4.5.2.4.3. DoD Components shall also post notices about the Domestic Violence Amendment and the following procedures for implementation in all facilities where firearms or ammunition is stored, issued, disposed of, and transported.

6.1.4.5.2.5. If in implementing this policy, a DoD Component chooses to require that all or some of its covered personnel certify that they do or do not have a qualifying conviction, the DD Form 2760 shall be used for such certifications.

6.1.4.5.2.5.1. Even if certification is not required, DD Form 2760 shall be made available for use by those personnel who come forward to report a qualifying conviction in compliance with their obligation to do so.

6.1.4.5.2.5.2. The form shall be filed on the left side of the employee’s personnel folder.

6.1.4.5.2.6. Each DoD Component shall retrieve Government-issued firearms and ammunition from any DoD employee in a covered position found to have a qualifying conviction and shall suspend the employee's authority to possess firearms or ammunition. Such action shall also be taken if there is reasonable cause to believe a civilian employee in a covered position has a qualifying conviction.

6.1.4.5.2.7. The absence of a qualifying conviction shall be made a condition of employment for all covered positions.

6.1.4.5.2.8. No individual who has a qualifying conviction may be assigned or detailed into a covered position.

6.1.4.5.2.9. Notice must be provided to individuals applying for covered positions of the prohibition prior to employment in covered positions. Notification shall include an appropriate statement on a vacancy announcement for a covered position.

6.1.4.5.2.10. Individuals may be required to certify on a DD Form 2760 that they do not have a qualifying conviction before selection for, or appointment to, a covered position.

6.1.4.5.2.11. Personnel actions involving incumbents of covered positions having qualifying convictions may be taken in accordance with applicable law, regulations, collective bargaining agreements, and this Instruction. Such personnel actions may include redesigning a position so that it no longer is a covered position, reassigning an employee with a qualifying conviction, or taking an adverse action (e.g., a reduction in grade or removal).

6.1.4.5.2.12. A DoD Component may afford an employee found to have a qualifying conviction a reasonable time to obtain an expungement or pardon of the conviction. During this time, however, the Components shall retrieve all Government-owned or issued firearms and ammunition and suspend the employee's authority to possess Government-owned or issued firearms and ammunition until an expungement or pardon is obtained.

6.1.4.5.2.13. When initiating a security clearance or suitability investigation on an applicant for, or an incumbent of, a covered position, each DoD Component shall identify the covered position on the request for investigation. If the completed investigation reveals a qualifying conviction, the investigation shall be referred to the requesting DoD Component for an employment suitability determination.

6.1.5. Establishing Memoranda of Understanding. Commanders shall ensure military criminal investigative and law enforcement organizations and legal officials establish formal memorandums of understanding (MOUs), or include in existing MOUs with their counterparts in the local community, procedures for improving information sharing on domestic abuse investigations, arrests, and prosecutions involving military personnel. The information in this section may be adapted to address additional areas of military-civil cooperation to further enhance the coordinated community response to domestic abuse.

6.1.5.1. MOUs between the installation and local civilian agencies/offices may be used to strengthen and formalize procedures for dealing with domestic abuse incidents that occur on or off the installation.

6.1.5.2. MOUs should be crafted to address issues specific to an installation and the communities surrounding it; there are, however, several issues that MOUs should address:

6.1.5.2.1. A general statement of the purpose of the MOU.

6.1.5.2.2. An explanation of jurisdictional issues that affect respective responsibilities on and off the installation.

6.1.5.2.3. Procedures for exchanging information regarding domestic abuse incidents involving active duty Service members and their family members.

6.1.5.2.4. Designation of the title of the installation office recipient of information from the local civilian office.

6.1.5.2.5. An understanding with regard to the use of facilities.

6.1.5.2.6. Meetings between the offices to review cases and MOU procedures.

6.1.5.3. Sample MOUs for use between installation criminal investigative and law enforcement organizations and legal officials, and their counterparts in the local community, are at Enclosures 4 and 5.

6.2. Law Enforcement's Role in Responding to Domestic Violence. As part of the coordinated community response to domestic abuse, law enforcement and military criminal investigative personnel shall be responsible for investigating reports of domestic violence and assembling evidence indicating whether or not an act, attempted act, or threatened act of non-accidental physical force has occurred, by whom and against whom, and the impact the act has had on the victim in terms of actual or potential physical injury or the fear it creates. Law enforcement personnel shall respond to reports of domestic violence as they would to credible reports of any other crime and shall ensure that victims are informed of available domestic abuse services. This section provides sample protocols for first responders that may be used as guidance in establishing appropriate military law enforcement or military criminal investigative organization responses to domestic violence.

6.2.1. The law enforcement or criminal investigative officer should attempt to elicit from the dispatcher all relevant information pertaining to the incident.

6.2.2. Responding law enforcement personnel should approach the scene of a domestic violence incident as one of high risk.

6.2.3. Upon arrival, law enforcement personnel should identify themselves, explain their presence, and request entry to investigate the call. If refused entry, law enforcement personnel should be persistent and seek appropriate legal advice if forced entry is contemplated.

6.2.4. Once inside, law enforcement personnel should establish control by:

6.2.4.1. Identifying potential weapons in the surroundings.

6.2.4.2. Separating the victim and the alleged suspect.

6.2.5.2. To the extent possible, attempt to determine the presence of risk factors as outlined in paragraph 6.6.2.

6.2.5.3. Inquire about any history of abuse or existing protective orders.

6.2.5.4. Fully investigate all alleged violations of protective orders.

6.2.5.5. Encourage the victim to seek a medical examination and arrange transport as needed.

6.2.5.6. Inquire about injuries that are concealed by clothing or otherwise not readily apparent.

6.2.5.7. Advise the victim to contact law enforcement and arrange for photographs to be taken of other injuries that become apparent in the days following the incident (bruises, for example, might appear several hours after the incident occurred or the following day).

6.2.6. Law enforcement personnel shall immediately notify FAP of the incident to prompt a thorough risk assessment and safety planning.

6.2.7. If the alleged suspect has fled the scene, attempt to get information about potential whereabouts.

6.2.8. Law enforcement personnel should interview any witnesses as fully and as soon as circumstances allow.

6.2.9. Law enforcement personnel should interview children in a manner appropriate to their age and apparent developmental level.

6.2.10. Law enforcement personnel should collect and preserve all physical evidence reasonably necessary to establish what took place, including photographic evidence substantiating the victim's injuries and crime scene, and evidentiary articles, such as weapons or torn/bloodied articles of clothing.

6.2.11. Law enforcement personnel should follow established law enforcement procedures pertaining to apprehension (for military personnel) and detention (for civilians). Law enforcement personnel should:

6.2.13. If the victim has a CPO, law enforcement personnel shall take all reasonable measures necessary to ensure that a CPO is given full force and effect. (See paragraph 6.1.3. on the Armed Forces Domestic Security Act.)

6.2.13.1. An installation may have procedures in place for registering a CPO, but failure to register the order shall not be reason for law enforcement personnel, having knowledge of the order, to fail to give it full force and effect.

6.2.13.2. Law enforcement personnel shall cooperate with civilian law enforcement agencies to ensure that alleged violations of CPOs are investigated.

6.2.14. If apprehension or detention is not authorized, law enforcement personnel should explain to the victim the reasons why apprehension or detention is not going to occur.

6.3.2. Response to Domestic Violence Allegations. JAs are responsible for providing timely, informed advice to commanders regarding the response to domestic violence allegations. 6.4.5. Systems Advocacy. All domestic abuse responders shall promote a coordinated community response for the prevention of domestic abuse and for intervention when domestic abuse occurs. As a systems advocate, the victim advocate shall promote a coordinated community response for the prevention of domestic abuse and for intervention when domestic abuse occurs. However, these functions should not occur at the expense of providing direct service and support to victims. As a systems advocate, the victim advocate shall:

6.4.5.1. In collaboration with the victim advocate supervisor and FAP, conduct an ongoing assessment of the consistency and effectiveness of the Domestic Abuse Victim Advocate Program at the victim advocate's installation.

6.4.5.2. Collaborate with other agencies and activities to improve system response to, and support of, victims.

6.4.6.4. Collaborate with military and civilian law enforcement and criminal investigative units in the establishment of protocol and procedures to ensure: (1) notification of

the victim advocate when such units are notified of a domestic abuse incident; (2) collaboration on safety planning and safety measures; and (3) ongoing training of military and civilian law enforcement personnel on the victim advocate's role.

6.4.5.5. Collaborate with the DoD-sponsored Medical Treatment Facility (MTF) and Dental Treatment Facility (DTF) in the establishment of protocol and procedures to ensure notification of a victim advocate for all incidents of suspected or reported domestic abuse, and the provision of ongoing training of medical/dental facility personnel on the victim advocate role.

6.4.6.7. As authorized by his/her supervisor or commander, participate in private sector domestic abuse councils.

6.5. Health Care Provider's (HCP) Role in Responding to Domestic Abuse. HCPs have a critical role in identifying and assessing victims of domestic abuse. They may be the first

individuals to come into contact with a victim after a domestic abuse incident. It is essential that all health care providers understand domestic abuse and are aware of their role in responding to and reporting incidents.

#### 6.5.1. Screening

6.5.1.1. Prior to screening, the health care provider must inform the patient of the limits of confidentiality, to include the Restricted Reporting policy at Enclosure 3, and of all reporting requirements, to include state laws and DoD and Service regulations, and must make all required reports.

6.5.1.2. Adult patients and parents/caregivers of children in pediatric care should be asked about current and past domestic abuse victimization if during screening, the provider suspects abuse.

6.5.1.3. HCPs should screen patients in private, without any friend, relative, spouse, child (unless under the age of 3) or partner in the room. Appropriate safety measures must be considered if the HCP believes the alleged abuser is present.

6.5.1.4. Interpreters (not relatives or friends of the patients) should be used whenever necessary and appropriate.

6.5.1.5. If a patient reports no current or past abuse, but the HCP has reason to believe that abuse may be occurring, the health care provider shall provide the patient with basic information about resources on the installation or in the civilian community.

#### 6.5.2. Assessment

6.5.2.1. The initial assessment shall occur immediately following a disclosure of domestic abuse and shall be repeated or expanded upon during follow-up appointments.

6.5.2.2. When a patient discloses current abuse, the assessment should include, at a minimum, relevant risk factors in paragraph 6.6.2. Additionally, the HCP should ask the patient if the alleged abuser is in the MTF and the extent to which his/her physical/mental health is impacted by the abuse.

6.5.2.3. HCPs shall determine if the patient has already reported the abuse to an official agency and/or has made a restricted report to a specified individual.

6.5.3. Intervention. HCPs should provide basic referrals for patients to appropriate services, such as FAP, victim advocacy services, the National Domestic Violence Hotline (1-800-799-SAFE) and Military OneSource (1-800-342-9647).

#### 6.5.4. Documentation

6.5.4.1. Documentation should be completed by a health care provider who is authorized to record information in patient records. Documentation should include:

6.5.4.1.1. Patient statements, recorded to accurately reflect the patient's own words.

6.5.4.1.2. Relevant history, including current and past incidents of abuse and their effects on the patient's health.

6.5.4.1.3. Detailed results of physical examinations, both described in writing and noted accurately on a body map.

6.5.4.1.4. Photographs when possible and with the consent of the patient.

6.5.4.1.5. Results of any laboratory or diagnostic procedures.

6.5.4.1.6. Results of assessment, intervention, and referrals.

6.5.4.1.7. Patient's selection of a reporting option.

6.5.4.2. If the patient does not disclose domestic abuse, the HCP shall document in the record that screening was conducted but the patient disclosed no abuse. If the provider suspects abuse even though the patient did not so disclose, the provider should document those concerns in the medical record (e.g., "physical findings are not congruent with history or description," "patient presents with indicators of domestic abuse") and also document any physical findings suggesting domestic abuse. Notifications in such instances should be made in accordance with DoD and Military Service policy.

6.6. FAP Responsibilities. In accordance with DoDD 6400.1, DoD 6400.1-M, and DoD 6400.1-M-1 (References (af), (ag), and (ah)), the FAP shall have primary responsibility for public awareness and education programs in the military community, for ensuring that each reported incident is assessed for risk of further domestic abuse, for ensuring that victims of domestic abuse receive a clinical assessment and supportive services, as appropriate, and for ensuring that domestic abusers receive a clinical assessment, treatment as appropriate, and ongoing treatment monitoring.

6.6.1. In conducting public awareness and education programs in the military community, the FAP shall coordinate with local civilian domestic abuse programs and with national and state civilian domestic abuse public awareness and education programs, modifying informational materials as appropriate for the military community.

6.6.2. Each incident of domestic abuse shall be assessed for risk whether or not violence was used in the incident in question. Risk assessment should include at a minimum, the existence and frequency of the following risk factors:

6.6.2.1. Access to the victim.

6.6.2.2. Victimization patterns have increased in severity or frequency.

6.6.2.3. Alleged abuser has threatened, attempted, or has a plan to kill the victim or his/her children.

6.6.2.4. Alleged abuser has threatened, attempted, or has a plan to commit suicide.

6.6.2.5. Alleged abuser has strangled the victim.

6.6.2.6. Alleged abuser has used a weapon, threatened to use a weapon, or has access to a weapon that may be used against the victim.

6.6.2.7. Victim has sustained serious injury during the abusive incidents.

6.6.2.8. History of law enforcement involvement regarding domestic abuse or other criminal behavior.

6.6.2.9. Victim has a restraining order or protection order against the alleged abuser.

6.6.2.10. Violation of a protection order by alleged abuser.

6.6.2.11. Victim is estranged, separated, or attempting to separate from the alleged abuser. Does he/she have a place to go?

6.6.2.12. Alleged abuser has stalked the victim.

6.6.2.13. Alleged abuser exhibits obsessive behavior, extreme jealousy, extreme dominance, rage, agitation, or instability.

6.6.2.14. History of drug or alcohol abuse.

6.6.2.15. Alleged abuser has forced sex on the victim.

6.6.2.16. Alleged abuser isolates the victim.

6.6.3. Clinical assessment and supportive services shall be offered to victims of domestic abuse on a voluntary basis. The FAP shall provide the victim with basic information about FAP and the availability of victim advocacy services on the installation or in the civilian community.

6.6.4. FAP shall conduct clinical assessments of alleged domestic abusers or make appropriate referrals for assessment by civilian providers.

6.6.5. If, as a result of the clinical assessment and the commander's disciplinary action or the outcome of civilian criminal proceedings, it is appropriate to provide treatment to the alleged domestic abuser, FAP shall provide appropriate treatment in accordance with FAP guidelines or make appropriate referrals for clinical treatment by civilian providers.

6.6.6. To the extent possible, FAP shall monitor the treatment of the alleged abuser and shall promptly report violations of treatment rules to the commander or the appropriate civilian authority.

6.6.7. To the extent possible, FAP shall ensure that at periodic intervals both the victim and the alleged abuser are assessed to determine the risk of re-abuse.

6.7. Chaplains. Chaplains provide unique services to the military community and to victims and alleged abusers in domestic abuse situations.

6.7.1. Victims and alleged abusers are entitled to the protections of privileged communications with a chaplain that may be protected under the Military Rules of Evidence or applicable statutes and regulations. The restricted reporting policy (see Enclosure 3) is in addition to the current protections afforded privileged communications with a chaplain under the UCMJ, and does not alter or affect those protections.

6.7.2. In recognition of this special relationship, chaplains shall be trained on the policies and procedures in this Instruction as well as military Service-specific domestic abuse policies and privileged communications.

6.7.3. Upon learning of an incident of domestic abuse, chaplains shall provide basic referrals to appropriate services, such as FAP, victim advocacy services, the National Domestic Violence Hotline (1-800-799-SAFE) and Military OneSource (1-800-342-9647).

6.8. Continuous monitoring. Clinical treatment of a person who committed domestic abuse cannot by itself ensure that domestic abuse will cease. A coordinated community approach to continuous monitoring of an abuser is required to reduce the risk of further domestic abuse. Continuous monitoring is the collective responsibility of commanders, FAP clinicians, military law enforcement personnel, installation SJAs, victim advocates, chaplains, HCPs and numerous civilian community agencies, including criminal and family court judges, court probation officials, victim witness liaisons, domestic abuse treatment providers, child protective services agencies, and battered women's shelters.

#### 6.9. Fatality Notification and Fatality Review

6.9.1. Notification of DoD-Related Fatalities. The Military Departments and Defense Agencies/DoD Field Activities shall notify the DUSD(MC&FP) of any DoD-related fatality known or suspected to have resulted from an act of domestic violence, child abuse, or suicide related to an act of domestic violence or child abuse.

6.9.1.1. Information concerning such fatalities shall be submitted on DD Form 2901 by fax at the number provided on the form.

6.9.1.1.1. Information contained on DD Form 2901 must be coordinated with the criminal investigative organization or law enforcement agency having jurisdiction over the investigation prior to submission.

This information will be used to ascertain whether the appropriate Military Department has conducted the required fatality review. All remaining items on DD Form 2901 will be retained for 2 weeks after receipt to ensure that the appropriate Military Department has documented the fatality for future fatality reviews.

6.9.2. Review of DoD-Related Fatalities. The Military Departments shall conduct multidisciplinary, impartial reviews of each fatality known or suspected to have resulted from an act of domestic violence, child abuse, or suicide related to an act of domestic violence or child abuse. A fatality shall only be reviewed under this Instruction when all criminal proceedings have been completed.

6.9.2.1. Each Military Department shall establish and train a fatality review team.

6.9.2.1.1. The team shall be multidisciplinary, with representatives from organizations responsible for intervening with victims and abusers. At a minimum, FAP, the medical treatment facility, the SJA, law enforcement, and criminal investigative organization shall be represented.

6.9.2.2.1. Team operating procedures shall be flexible enough to accommodate informal approaches that facilitate the team's work, including meeting on an ad hoc basis, dispensing with routine meeting minutes, and conducting preliminary reviews without benefit of key information (i.e., police report, autopsy report, or record of trial).

6.9.2.2.2. The team shall conduct a system review of each identified case by determining which organizations had contact with the deceased; what services, if any, were offered; the quality of those services; the timeline of these critical events; and whether better or different services might have prevented the death of the deceased.

6.9.2.2.3. Fatality review teams shall:

6.9.2.2.3.1. Comply with the requirements of Reference (ac) and any state law that protects the confidentiality of the identities of individuals; and

E2.7. Covered Communication. For the purposes of restricted reporting, an oral, written or electronic communication of personally identifiable information related to a domestic abuse

incident made by a victim to the victim advocate, the supervisor of victim advocates, or to a healthcare provider, for the purposes of receiving medical care or information, referral to service providers, advice, or safety planning. It includes a record relating to such a communication (including statements, notations or reports) but does not include statistical data that does not identify an individual.

E2.8. Crime of Domestic Violence. For purposes of this Instruction with regard to implementing the Domestic Violence Amendment to the Gun Control Act (Reference (r)), the term “crime of domestic violence” means an offense that has as its factual basis, the use or attempted use of physical force, or threatened use of a deadly weapon; committed by a current or former spouse, parent, or guardian of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, parent, or guardian, or by a person similarly situated to a spouse, parent or guardian of the victims.

For purposes of this Instruction with regard to implementing the Domestic Violence Amendment to the Gun Control Act (Reference (r)), the term “misdemeanor crime of domestic violence” is a “crime of domestic violence” that is classified as a misdemeanor under State or Federal law (generally, a crime punishable by a maximum term of imprisonment that is one year or less).

E2.23. Possession. For purposes of this Instruction with regard to implementing the Domestic Violence Amendment to the Gun Control Act (Reference (r)), the term “possession” includes both “active possession” and “constructive possession,” whether authorized or unauthorized. Active possession of a firearm or ammunition exists when the firearm or ammunition is in the immediate possession of the person. Constructive possession exists when a person does not have actual possession but instead knowingly has the power and at a given time to exercise dominion and control over the firearm or ammunition, either directly or through others. Possession need not be exclusive but may be joint with others.

E2.24. Qualifying Conviction. For purposes of this Instruction with regard to implementing the Domestic Violence Amendment to the Gun Control Act (Reference (r)), the term “qualifying conviction” applies to any of the following:

E2.24.1. A State or Federal conviction for a misdemeanor crime of domestic violence.

E2.24.2. A State or Federal conviction for a felony crime of domestic violence adjudged on or after November 27, 2002, as first established by USD(P&R) Directive-Type Memorandum (References (d) and (e)).

E2.24.3. Any general or special court-martial conviction for a Uniform Code of Military Justice offense that otherwise meets the elements of a crime of domestic violence, even though not classified as a misdemeanor or felony.

A person shall not be considered to have a qualifying conviction unless the convicted offender was represented by counsel, or knowingly and intelligently waived the right to counsel and, if entitled to have the case tried by jury or before court-members, the case was actually tried by a jury or court members or the person knowingly and intelligently waived the right to have the case tried by a jury or court members, and;

A person shall not be considered to have a qualifying conviction if the conviction has been expunged or set aside, or the convicted offender has been pardoned for the offense or had civil rights restored, unless the pardon, expungement, or restoration of civil rights provides that the person may not ship, transport, possess, or receive firearms.

E2.25. Reasonable cause. For purposes of this Instruction with regard to implementing the Domestic Violence Amendment to the Gun Control Act (Reference (r)), the term “reasonable cause” means that there is reliable information that a reasonable, prudent person would rely on which makes it more likely than not that the individual has a qualifying conviction.

E2.26. Receive. For purposes of this Instruction with regard to implementing the Domestic Violence Amendment to the Gun Control Act (Reference (r)), the term “receive” means to obtain, to take, to accept, to acquire, or to come into possession of.

E2.27. Restricted reporting. Additional explanation and guidance is provided in Enclosure 3.

E2.28. Safety Planning. A process whereby a victim advocate, working with a domestic abuse victim, creates a plan, tailored to that victim’s needs, concerns, and situation, that will help increase the victim’s safety and help the victim to prepare for, and potentially avoid, future violence.

For purposes of this Instruction with regard to implementing the Domestic Violence Amendment to the Gun Control Act (Reference (r)), the term “ship” means the transportation, or the effecting of transportation, without limitation as to the means or facilities used or with respect to the person to whom any shipment is made.

connection with a recent act of domestic violence or child abuse in a DoD-related context in which he or she was the victim.

E2.31. Transport. For purposes of this Instruction with regard to implementing the Domestic Violence Amendment to the Gun Control Act (Reference (r)), the term “transport” means to move, convey, carry, by any means, or to deliver or receive for the purpose of movement or conveyance.

E2.32. Unrestricted reporting. A process allowing a victim of domestic abuse to report an incident using current reporting channels, e.g. chain of command, law enforcement or criminal investigative organization, and Family Advocacy Program for clinical intervention. Additional explanation and guidance is provided in Enclosure 3.

E2.33. Victim Advocate. An employee of the Department of Defense, a civilian working under contract for the Department of Defense, or a civilian providing services by means of a formal memorandum of understanding between a military installation and a local victim advocacy service agency, whose role is to provide safety planning services and comprehensive assistance and liaison to and for victims of domestic abuse, and to educate personnel on the installation regarding the most effective responses to domestic abuse on behalf of victims and at-risk family members. The advocate may also be a volunteer military member, a volunteer civilian employee of the Military Department, or staff assigned as collateral duty.

E2.34. Victim and Witness Assistance Program (VWAP). A program established by References (t) and (ad) that assists victims and witnesses of crimes punishable under the Uniform Code of Military Justice from initial contact with the program through investigation, prosecution, and confinement.

E3. ENCLOSURE 3

RESTRICTED REPORTING FOR INCIDENTS OF DOMESTIC ABUSE

E3.1. Victims of domestic abuse shall be protected, treated with dignity and respect, and provided support, advocacy, and care. DoD policy also strongly supports effective command awareness and prevention programs, and law enforcement and criminal justice activities that will maximize accountability and prosecution, as appropriate, of perpetrators of domestic abuse. To achieve these dual objectives, DoD policy prefers that personnel report suspected domestic abuse incidents promptly to activate both victims' services and accountability actions. However, a requirement that all domestic abuse incidents be reported can represent a barrier for victims hoping to gain access to medical and victim advocacy services without command or law enforcement involvement. The Department of Defense recognizes the potential impact of restricted reporting on investigations and a commander's ability to hold perpetrators accountable, and this policy decision presents the judgment that such risks have been carefully considered but were outweighed by the overall interest in providing domestic abuse victims this form of support.

E3.2. This enclosure provides guidelines for restricted reporting of incidents of domestic abuse, as defined in Enclosure 2, and implements regulations required by section 585 of Public Law 106-65 (Reference (al)). The magnitude of this change requires extensive, in-depth training for DoD personnel and specialized training for commanders, senior enlisted personnel, victim advocates, criminal investigators, law enforcement personnel, FAP personnel, chaplains, healthcare providers, and legal personnel.

E3.3. Restricted reporting is limited to adult victims of domestic abuse. Restricted reporting is defined in Enclosure 2.

E3.4. Domestic abuse often goes unreported in society at large. Although the victim's decision to report the incident is a crucial step toward holding the offender accountable following a domestic abuse incident, it can have potential serious consequences for the safety and welfare of the victim and other family members. When domestic abuse is reported to military and/or civilian authorities who fail to take appropriate action, the abuse may recur and escalate. In the military community, a victim is usually concerned that reporting will have immediate repercussions on the military career of the family-member offender, and thus affect the family's financial welfare. The result is that this potential impact may often deter the victim from seeking care at all or reporting the domestic abuse incident. Commanders have a responsibility to ensure community safety and due process of law, but they must also recognize the importance of protecting the safety and well-being of victims and other family members. A system that affords victims access to medical and victim advocacy services without immediate command or law enforcement involvement may encourage victims to feel more comfortable and safe about reporting domestic abuse.

E3.5. In order to address these competing interests, adult victims of domestic abuse incidents will now have two reporting options: unrestricted reporting and restricted reporting. Regardless of whether the victim elects restricted or unrestricted reporting, confidentiality of medical information will be maintained in accordance with DoD 6025.18-R (Reference (am)).

E3.5.1. Unrestricted Reporting. Victims of domestic abuse who want to pursue an official command or criminal investigation of an incident should use current reporting channels, e.g., chain of command, FAP, or law enforcement. Upon notification of a reported domestic abuse incident, victim advocacy services and FAP clinical services will be offered to the victim. Additionally, at the victim's request, the healthcare provider, in coordination with criminal investigators, shall conduct any forensic medical examination deemed appropriate. Details regarding the incident will be limited to only those personnel who have a legitimate need to know.

#### E3.5.2. Restricted Reporting

E3.5.2.1. In cases where an adult victim instead elects restricted reporting, and discloses information to either a victim advocate, victim advocate supervisor or healthcare provider, the victim advocate, victim advocate supervisor and healthcare provider may not disclose covered communications, as defined in Enclosure 2, to either the victim's or offender's commander or to law enforcement either within or outside the Department of Defense, except as provided in the exceptions in E.3.5.3. To the extent that Sexual Assault Response Coordinators are assigned domestic abuse responsibilities, they may have access to domestic abuse restricted reporting information.

E3.5.2.2. For purposes of command responsibility and the gathering of accurate data, the victim advocate or his/her supervisor is responsible for reporting information concerning domestic abuse incidents, without information that could reasonably lead to personal identification of the victim or alleged offender, to command officials at the next FAC meeting following receipt of information about the alleged domestic abuse incident, or as directed by the commander responsible for convening the FAC. This will give the commander a clearer picture as to the number and type of domestic abuse incidents within the command, and enhance the commander's ability to provide an environment that is safe and contributes to the well-being and mission-readiness of all of its Service members.

E3.5.2.3. Restricted reporting is intended to give adult victims additional time, while benefiting from receiving relevant information and support, to make more informed decisions about reporting the domestic abuse incident to the appropriate commander. A victim who receives appropriate care and treatment, and is provided an opportunity to make an informed decision about reporting to law enforcement or command and the possibility of a criminal investigation, is more likely to develop increased trust that his or her needs are of primary concern, and therefore decide to report the domestic abuse incident to the appropriate commander or law enforcement.

E3.5.2.4. Restricted reporting allows an adult victim of domestic abuse to disclose the details of his or her abuse to specifically identified individuals and receive medical treatment and

victim advocacy services without requiring that notice be provided to the alleged offender's commander, or to the criminal investigative organization. Victims of domestic abuse who desire restricted reporting under this policy must report the abuse to one of the following specified individuals:

E3.5.2.4.1. A victim advocate;

E3.5.2.4.2. A healthcare provider, as defined in Enclosure 2; or

E3.5.2.4.3. The supervisor of a victim advocate.

E3.5.2.5. The supervisor of a victim advocate will assure the assignment of a victim advocate to assist the victim.

E3.5.2.6. HCPs will initiate the appropriate care and treatment, and will report the domestic abuse only to a victim advocate or his/her supervisor, unless otherwise permitted by this Instruction or required for any of the reasons enumerated in section E3.5.3. Additionally, in connection with an incident of domestic abuse, at the victim's discretion/request, the HCP, if appropriately trained and/or supervised, shall conduct any forensic medical examination deemed appropriate. The forensic component includes gathering information from the victim for the medical forensic history, an examination, documentation of biological and physical findings, collection of evidence from the victim, and follow-up as needed to document additional evidence. The HCP will transfer the forensic evidence, via proper evidence chain of custody procedures, to an activity designated by the Secretary of the Military Service to receive that evidence.

E3.5.2.6.1. In the absence of a DoD HCP trained to conduct an examination of this nature, the victim will be appropriately referred for the forensic medical examination.

E3.5.2.6.2. If the victim elects to receive medical care at a civilian facility, regulations governing the release of medical information at that facility apply. To the extent possible, victims should be aware of this.

E3.5.2.7. If the victim advocate is the first contact with the victim, he/she will notify his or her supervisor as soon as possible. The victim advocate will contact the victim and provide the victim accurate information about the process of restricted reporting, as compared to unrestricted reporting, and victim advocacy services.

E3.5.2.8. The victim will acknowledge in writing his or her understanding that restricted reporting may limit the government's ability to prosecute the alleged offender in a domestic abuse incident and an understanding of the reasons DoD policy favors unrestricted reporting.

E3.5.2.9. Consistent with current policy regarding privileged communications, victims may also report the abuse to a chaplain. Although a report to a chaplain is not a restricted report under this policy, it is a communication that may be protected under the Military Rules of Evidence or applicable statutes and regulations. The restricted reporting process does not affect

any privilege recognized under the Military Rules of Evidence. This restricted reporting policy is in addition to the current protections afforded privileged communications under the UCMJ, and does not alter or affect those protections.

E3.5.3. Exceptions to Confidentiality and Restricted Reporting and Limitations on Use

E3.5.3.1. In cases in which a victim elects restricted reporting, the prohibition on disclosing covered communications to the following persons or entities will be suspended when disclosure would be for the following reasons:

E3.5.3.1.1. Named individuals when disclosure is authorized by the victim in writing.

E3.5.3.1.2. Command officials or law enforcement when necessary to prevent or lessen a serious and imminent threat to the health or safety of the victim or another person.

E3.5.3.1.3. FAP and any other agencies authorized by law to receive reports of child abuse or neglect when, as a result of the victim's disclosure, the victim advocate or healthcare provider has a reasonable belief that child abuse has also occurred. However, disclosure will be limited only to information related to the child abuse.

E3.5.3.1.4. Disability Retirement Boards and officials when disclosure by a healthcare provider is required for fitness for duty for disability retirement determinations, limited to only that information which is necessary to process the disability retirement determination.

E3.5.3.1.5. Supervisors of the victim advocate or healthcare provider when disclosure is required for the supervision of direct victim treatment or services.

E3.5.3.1.6. Military or civilian courts of competent jurisdiction when a military, Federal, or State judge issues a subpoena or order for the covered communications to be presented to the court or to other officials or entities when the judge orders such disclosure.

E3.5.3.1.7. To other officials or entities when required by Federal or State statute or applicable U. S. international agreement.

E3.5.3.2. Healthcare providers may also convey to the victim's commander, if applicable, information on any possible adverse duty impact related to an active duty victim's medical condition and prognosis in accordance with DoD 6025.18-R (Reference (am)). Such circumstances, however, do not otherwise warrant an exception to policy, and therefore the specific details of the domestic abuse incident will still be treated as covered communication and may not be disclosed.

E3.5.3.3. If the victim advocate or healthcare provider believes that disclosure is warranted or required pursuant to one of the exceptions, when time permits, the victim advocate or healthcare provider shall first consult with his or her supervisor and servicing legal office or staff judge advocate prior to disclosure. When there is uncertainty or disagreement on whether

an exception applies, the matter will be brought to the attention of the installation commander for decision.

E3.5.3.4. The victim advocate or healthcare provider must also make every reasonable effort to provide the affected victim advance notice of the intention to disclose a covered communication, with a description of the information to be disclosed, the basis for disclosure, and the individual, group, or agency to which it will be disclosed. The disclosure will be limited to information necessary to satisfy the purpose of the disclosure in the event the disclosure is made under the authority of one of the stated exceptions. Further disclosure will not be made unless the domestic abuse victim authorizes the disclosure in writing.

E3.5.4. Improper disclosure of covered communications, improper release of medical information, and other violations of this policy are prohibited and may result in discipline under the UCMJ, loss of privileges, and/or other adverse personnel or administrative actions.

E3.5.5. In the event that information about a domestic abuse incident is disclosed to the commander or FAP, from a source independent of the restricted reporting avenues, law enforcement or the appropriate criminal investigative organization shall also be notified. FAP shall intervene with the family and conduct all appropriate assessments and provide all appropriate treatment. Additionally, a victim's disclosure of his or her domestic abuse to persons other than those covered by this policy may result in an investigation of the allegations by law enforcement and clinical intervention from FAP. Consistent with current policy, commanders acquiring information under these circumstances about a domestic abuse incident shall immediately notify law enforcement and FAP.

E3.6.
