Early Childhood Sexual Abuse Prevention Training of Trainers

Increase your child sexual abuse prevention efforts!

Training participants gain skills and knowledge to conduct Nurturing Healthy Sexual Development trainings as well as implement the Care For Kids curriculum with children ages 3-8, provide training to educators, and conduct outreach to parents. Space is available in August for this two day training.

Training dates: August 17th and 18th
Location: Montpelier, VT (Prevent Child Abuse VT Office)

E-mail us to register

Prevent Child Abuse Vermont (PCAV) uses a comprehensive approach to prevent child sexual abuse. This approach emphasizes adult responsibility for the protection of children, trauma-informed practice, developmentally targeted instruction for children, and victim and victimizer prevention.

Read more about PCAV's child sexual abuse prevention approach.
Learn more about the Care For Kids Program, a comprehensive sexual abuse prevention program for children ages 3-8, their caregivers, and parents.
