

**Advocacy Plan – Hospital Outreach**

SASO 24-hour Hotline: 970-247-5400 Office: 970-259-3074

An experience in the emergency room can be overwhelming and confusing. Many survivors find it helpful to have an advocate call them in a few days to see if there are any questions, concerns or needs that didn't get answered during the first meeting. It is your choice to have SASO contact you or not, and this advocacy plan helps us be sure we are respecting your needs and requests.
