Violence and Injury Prevention Webinars

David’s Story ~ November 28, 2012

Our upcoming webinar will focus on “David’s Story” which shows violence prevention through the perspective of policing and criminal justice.

“David’s Story” is a factual narrative of the life of a young man convicted of homicide when he was 15. The story will highlight some of the circumstances and social conditions that increased his vulnerability and, at the same time, identify those opportunities where effective intervention may have changed his life course.

Presenter: John Carnochan QPM FFPH

John is a Detective Chief Superintendent with Strathclyde Police, a force covering central Scotland including Glasgow. He has been a police officer for over 38 years working mostly as a Detective investigating serious crime, including homicides. Together with Karyn McCluskey, John established the Violence Reduction Unit in 2005 with the aim of developing a strategy that would bring about sustainable reductions in violence within Strathclyde.

In 2006 the VRU assumed a Scotland wide role and is now supported by the Scottish Government, working under the fundamental tenet that “violence is preventable - not inevitable”.

John was awarded the Queen’s Police Medal in 2007, and in 2010 was made a Fellow by Distinction of the Faculty of Public Health.
